

ESSENTIAL LIST FOR PALLIATIVE CARE DRUGS IN CAMBRIDGESHIRE

A number of pharmacies in Cambridgeshire have agreed to keep a stock of all the drugs on this list. The quantities that participating pharmacies are expected to hold are included in the list. However, prescribers/nurses should be aware that topping up the stock may take two working days and a phone call to the pharmacy is recommended before travelling.

INFORMATION FOR PHARMACIES WHO HOLD THE PALLIATIVE CARE DRUGS: If the drugs have not been used 3 months prior to expiry please inform **the Medicines Management team at Lockton House on 01223 725476** (c-pct.nhspharmaceuticalservices@nhs.net) so that reimbursement or exchange can be organised to help ensure the full quantities listed remain available, as far as possible.

Produced: October 2010

Review date: October 2011

List prepared by: Kelvin Rowland-Jones, Sarah Woodley

Agreed: Sue Ashwell, NHS Cambridgeshire and Cambridge Community Services Chief Pharmacist

*

Supply with 5ml or 10ml water for injection: PPA will pay on pharmacist's endorsement.

Following NPSA alert pharmacies should risk assess and have procedures in place for safely storing, labelling and supplying diamorphine and midazolam.

* **Note to Prescribers:** a formal risk assessment must be undertaken as per NPSA guidance
